I wish to participate in the Lockwood High School A+ Program. I understand that I may be eligible to receive State paid tuition contingent upon the following: State funds are available and subject to legislative appropriation, Lockwood High School maintains it's A+ School designation, and AFTER Federal Financial Aid has been applied.

This student financial incentive may be made available on the condition that I meet or exceed the following requirements:

- Sign the A+ Participation Agreement by the end of the first semester of the senior year.
- Attend Lockwood High School or another A+ designated school for 3 consecutive years prior to high school graduation.
- Graduate from high school with a cumulative GPA of 2.5 or higher.
- Graduate with a 95% attendance average over a four-year period.
- Perform a total of 50 hours of approved, district-supervised, unpaid tutoring.
- Maintain a record of good citizenship and avoid the unlawful use of drugs/alcohol.
- File a completed FAFSA (Free Application for Federal Financial Aid), upon enrollment to college.
- Register for selective services, if applicable.

Graduates who meet the eligibility requirements above may be eligible for the A+ Schools Financial Incentive Program. The A+ Program funds can be used at any publicly funded Missouri community college or technical school. **State funds are contingent on LHS A+ designation, and subject to legislative appropriation.*

To maintain eligibility, each participating student must, during the 4 year period of incentive availability:

- Enroll and attend on a FULL-TIME basis a Missouri public community college or technical school
- Maintain a GPA of 2.5 or higher while attending the post-secondary school.
- Apply for any non-repayable federal tuition assistance before requesting A+ Student Financial Incentive by filling out the FAFSA (Free Application for Federal Financial Aid) EACH YEAR the student is enrolled.

The guidelines for the A+ Schools Program are determined by the State, and they may change at any time. Certification is dependent upon the standards that are in effect at the point the student graduates. LHS will provide information on student A+ eligibility to the Missouri Department of Elementary and Secondary Education (DESE) and assuming state funds are made available by the State legislature by the State legislature, disbursement of funds will be under the direction of DESE.
